

Institute for the Redesign of Learning Westmoreland Academy

Online Silent Auction October 23 - 30, 2020

Please support our Westmoreland Academy, a Special Education Non-Public Day School for Students with Autism Spectrum Disorders (ASD).

We are excited to announce our [Online Silent Auction](#) to support Westmoreland Academy programs and playground! Due to the current COVID circumstances, and for your safety and ours, this year we will be hosting an awesome Online Silent Auction instead of our annual gala. The IRL Westmoreland Academy Silent Auction will be open from October 23-30 through a secure website. We will have amazing prizes like fine art, gift baskets, gift cards, electronics, and much more!

The funds raised throughout the auction will be used to upgrade and enhance the school's Academic and Enrichment Programs and the continued construction of our Sensory Friendly Playground, benefiting the children at Westmoreland for years to come.

We are also receiving monetary or item donations! If you wish to contribute to our auction, please contact Gabriel Vazquez at gvazquez@redesignlearning.org. Your support will enable us to provide our children with an enriching school experience. The funds raised through the auction will impact our families and better our local community. We will be posting updates every other day so stay tuned!
